Rehabilitation Summit 2024

"Advancing Rehabilitation Agenda: Strengthening Health Systems"

September 18 - 20, 2024

Julius Nyerere International Convention Centre (JNICC)

We are thrilled to extend this invitation to you and your organization to become a part of the upcoming Rehabilitation Summit 2024. Your support is vital in advancing the rehabilitation agenda and strengthening health systems in Tanzania.

The Rehabilitation Summit 2024 is an annual gathering aimed at fostering collaboration, innovation, and advocacy in the field of rehabilitation. With an extensive agenda covering critical topics such as rehabilitation financing, assistive devices accessibility, technology and innovation, and more, the summit provides a platform for experts, practitioners, policymakers, and stakeholders to exchange insights, best practices, and strategies for enhancing rehabilitation services.

Our agenda encompasses a diverse range of workshops, discussions, and scientific presentations to cater to the varied interests and expertise of our participants.

Here's a glimpse of what attendees can expect:

Join the Conversation

Our Impact

The Rehabilitation Summit has already made significant strides in rehabilitation advocacy, garnering support from government institutions, NGOs and other stakeholders and facilitating the implementation of Key Summit 2023 resolutions. Our efforts have resulted in the development of rehabilitation hospital guideline, strengthening capacity building initiatives and fostering network and collaboration among rehabilitation stakeholders.
